Ultra Ready

Wall mounted box with dual chargers

FEATURES

Protective wall-mounted box for Ultra Pro, Ultra Pro X and Ultra CE

2 built-in battery chargers

A padlock can be placed to prevent unauthorized access

APPLICATIONS

In control rooms

Ultra Ready allows round operators, maintenance operators or emergency responders to easily access the camera with the absolute certainty to find a charged battery. There is a QR-code on Ultra Ready, which directs towards a short training video, viewable on any smartphone. This video enables even untrained operators to correctly operate the camera within 15 minutes. If needed, camera usage can be restricted by placing a padlock (not included).

In production halls

Placed in a production hall, Ultra Ready makes Ultra Pro or Ultra CE accessible to any operator when a leak is suspected or when every part has to be checked.

Two batteries can be charged in parallel at full charging speed, protected from dust.

SPECIFICATIONS

2 battery chargers

Wall mountable box with two battery chargers and integrated lighting *

Compatibility	Ultra Pro, Ultra Pro X, Ultra CE
Size (H × W × D)	555 × 450 × 250 mm (21.9 × 17.7 × 9.8 in)
